## Profile

Level 5 Computing student at Newcastle University with strong skills in cybersecurity, Java development, and IT systems. Completed two Udemy Network Security courses covering penetration testing, encryption, and secure networks. Hands-on experience through projects in Java desktop apps, web development, and cybersecurity research. Multilingual (English, Italian, Romanian) with proven problem-solving ability, customer-facing experience, and a disciplined work ethic from years in logistics and driving. Seeking a role in IT support, cybersecurity, or software development.

## Education

BSc (Hons) Computing – Level 5 (in progress)

Newcastle University, UK

Expected Graduation: 2026

Udemy Network Security Courses:

- Network Security Fundamentals – TCP/IP, firewalls, authentication, encryption
- Advanced Network Security – Pen testing, IDS/IPS, secure network design

GCSE or Equivalent – Core subjects: English, Mathematics, ICT

## Technical Skills

Cybersecurity: Pen testing basics (Kali Linux), SQL injection prevention, secure authentication, IDS/IPS awareness

Programming: Java (OOP, GUI apps, CSV), Python (automation, data analysis), JavaScript, HTML/CSS

OS & Tools: Kali Linux, Windows 10/11, PowerShell, Git, VSCode

Databases: SQL queries, injection prevention, CSV management

## Projects

Stamp Management System (Java): Desktop app with user registration, secure password validation, and CSV-based persistence.

Taxi App Prototype – TSAT: Driver/rider separation, Google Maps integration, simulated driver tracking.

CannyByte Consultancy Website: Multi-page responsive site with JavaScript interactivity.

AI & Cybersecurity Research: Academic project on AI in data security with case studies and technical charts.

## **Work Experience**

Uber Driver – United Kingdom | 2023 – Present

- Provided reliable transport services with strong customer service and time management.
- Demonstrated independence, adaptability, and problem-solving under pressure.

Truck Driver (Category C+E) – United Kingdom | 2019 – 2023

- Managed long-haul logistics, meeting strict deadlines and safety standards.
- Built strong discipline, attention to detail, and responsibility in high-pressure environments.

## **Languages**

English: Excellent (written & spoken)

Italian: Excellent (spoken)

Romanian: Excellent (written & spoken)

## **Additional Information**

Driving Licence: Categories B, C+E

Strong cultural awareness and ability to work in multilingual environments.
